## Our Story

---

Explosiveness, prudence and ingenuity. Using these three elements as a vehicle that characterizes its three creators, the idea of the Sky Premium Life nutritional supplements line was born. Our common belief, that the current paragon of beauty is health, took us by the hand, fueled our passion and outlined our dream.

Our team grew with dear friends and remarkable partners. Having as a background our pharmaceutical company, with facilities in Athens and Thessaloniki, Greece, we organized a product research and development department, staffed it with highly qualified personnel, secured all production certificates, and the first luxury nutritional supplement line became a reality.

Luxury for us is the high quality of raw materials and high production standards, based on strict pharmaceutical standards and GMP protocols, as well as the scientifically based selection of the right nutrients, in the right combination and in the right content.

Luxury for us is our High End packaging, which sprang from the Art Deco of the 1920s, an era characterized by euphoria and creativity.

We were inspired by our natural environment, the Mediterranean, by the respect for people and nature, by the sun and the sea that color our whole life. We have created unique formulas with vitamins and herbs that support specific health needs, along with a wide range of basic premium quality supplements, for general well-being and vigor.

Our journey has begun. Join us.

Immune system  
Vitamins C

**ELDERBERRY**

Elderberry concentrate powder 40mg,  
1.3 beta glucans (from yeast) 250mg,

Magnesium 100mg, Zinc 10mg

60 capsules  
Stress & Sleep

## CHIOS MASTIC

Greek Treasure: Chios mastiha (or mastic) is the treasured gem of the Aegean, a sweet, clear crystal from the aromatic resin of the Mastic Tree.

This tree is extraordinarily rare and only grows in the southern part of the Greek island of Chios, in the eastern Aegean.

Mastic has been harvested for at least 2,500 years since Greek Antiquity and is still exclusively grown on the island of Chios.

Mastic sap drops hang from the tree and sparkle in the sunlight, this is the reason why they are said to resemble crystalline teardrops, the mastic sap is known as the 'tears of Chios'.

Chios mastiha has been recognized as a Protected Designation of Origin (PDO) product by the EU.

## Beauty

### HAIR

Biotin 50mcg,  
Collagen type II 10mg,  
Selenium (as sodium selenite) 27.5mcg,  
Zinc (as zinc citrate) 10mg, Vit C 80mg
